CONTENTS

No. 1 (AUGUST 1999)

Trends in hospitalizations associated with gastroenteritis among adults in the United States, 1979–1995
Mounts, A. W., Holman, R. C., Clarke, M. J., Bresee, J. S. and Glass, R. I. 1

Outbreaks of enterotoxigenic *Escherichia coli* infection in American adults: a clinical and epidemiologic profile
Dalton, C. B., Mintz, E. D., Wells, J. G., Bopp, C. A. and Tauxe, R. V. 9

Molecular typing methods to investigate transmission of *Escherichia coli* O157:H7 from cattle to humans
Louie, M., Read, S., Louie, L., Ziebell, K., Rahn, K., Borczyk, A. and Lior, H. 17

Molecular epidemiological study on tetracycline resistance R plasmids in enterohaemorrhagic *Escherichia coli* O157:H7
Makino, S., Asakura, H., Obayashi, T., Shirahata, T., Ikeda, T. and Takeshi, K. 25

An international outbreak of *Salmonella enteritidis* associated with lasagne; lessons on the need for cross-national co-operation in investigating food-borne outbreaks
Nylen, G., Fielder, H. M. P. and Palmer, S. R. 31

Application of ribotyping and IS*200* fingerprinting to distinguish the five *Salmonella* serotype O6,7:c:1,5 groups: Choleraesuis *sensu stricto*, Choleraesuis var. Kunzendorf, Choleraesuis var. Decatur, Paratyphi C, and Typhisuis
Uzzau, S., Hovi, M. and Stocker, B. A. D. 37

Phage typing of *Campylobacter jejuni* and *Campylobacter coli* and its use as an adjunct to serotyping
Frost, J. A., Kramer, J. M. and Gillanders, S. A. 47

Middle ear effusion: rate and risk factors in Australian children attending day care
Skull, S. A., Morris, P. S., Yonovitz, A., Attewell, R. G., Krause, V., Leach, A. J., Anand, A., Scott, J., Reid, S. and Roberts, L. A. 57

Simulation studies of phase III clinical trials to test the efficacy of a candidate HIV-1 vaccine
Desai, K. N., Boily, M.-C., Masse, B. R., Alary, M. and Anderson, R. M. 65

Lack of evidence for increased risk of hepatitis A infection in homosexual men
Corona, R., Stroffolini, T., Giglio, A., Cotichini, R., Tosti, M. E., Prignano, G., Di Carlo, A., Maini, A. and Mele, A. 89

Risk factors for monoinfections and coinfections with HIV, hepatitis B and hepatitis C viruses in northern Spanish prisoners
Pallas, J., Farinas-Alvarez, C., Prieto, D., Llorca, J. and Delgado-Rodriguez, M. 95

Influenza A among community-dwelling elderly persons in Leicestershire during winter 1993–4; cigarette smoking as a risk factor and the efficacy of influenza vaccination
Nicholson, K. G., Kent, J. and Hammersley, V. 103

Determination of farm-level risk factors for abnormalities observed during post-mortem meat inspection of lambs: a feasibility study
Edwards, D. S., Christiansen, K. H., Johnston, A. M. and Mead, G. C. 109

Salmonella infection in a commercial line of ducks; Experimental studies on virulence, intestinal colonization and immune protection
Barrow, P. A., Lovell, M. A., Murphy, C. K. and Page, K. 121

Analysis of *Serpulina hyodysenteriae* strain variation and its molecular epidemiology using pulsed-field gel electrophoresis
Atyeo, R. F., Oxberry, S. L. and Hampson, D. J. 133

Epidemiological analysis of *Trichinella spiralis* infections of foxes in Brandenburg, Germany
Wacker, K., Rodriguez, E., Garate, T., Geue, L., Tackmann, K., Selhorst, T., Staubach, C. and Conraths, F. J. 139

Evaluation of antigen detection and antibody detection tests for *Trypanosoma evansi* infections of buffaloes in Indonesia
Davison, H. C., Thrusfield, M. V., Muharsini, S., Husein, A., Partoutomo, S., Rae, P. F., Masake, R. and Luckins, A. G. 149

A rabies serosurvey of domestic dogs in rural Tanzania: results of rapid fluorescent focus inhibition test (RFFIT) and a liquid-phase blocking ELISA used in parallel
Cleaveland, S., Barrat, J., M.-J., Selve, M., Kaare, M. and Esterhuysen, J. 157
An update on safety studies of SAD B19 rabies virus vaccine in target and non-target species
Vos, A., Neubert, A., Aylan, O., Schuster, P., Pommerening, E., Muller, T. and Chai Chivatsi, D. 165
Development of a PCR system for porcine cytomegalovirus detection and determination of the putative partial sequence of its DNA polymerase gene
Widen, B. F., Lowings, J. P., Belak, S. and Banks, M. 177

Book Review
Laboratory-acquired Infections: History, Incidence, Causes and Preventions 181

No. 2 (October 1999)

Meningococcal disease at the University of Southampton: outbreak investigation
Gilmore, A., Jones, G., Barker, M., Soltanpoor, N. and Stuart, J. M. 185
Antimeningococcal herd immunity in the Czech Republic – influence of an emerging clone, *Neisseria meningitidis* ET-15/37
Kriz, P., Kriz, B., Svandova, E. and Musilek, M. 193
Salivary antibodies following parenteral immunization of infants with a meningococcal serogroup A and C conjugated vaccine
Borrow, R., Fox, A. J., Cartwright, K., Begg, N. T. and Jones, D. M. 201
Diphtheria is declining but continues to kill many children: analysis of data from a sentinel centre in Delhi, 1997
Singh, J., Harit, A. K., Jain, D. C., Panda, R. C., Tewai, K. N., Bhattia, R. and Sokhey, J. 209
An international outbreak of Vero cytotoxin-producing *Escherichia coli* O157 infection amongst tourists; a challenge for the European infectious disease surveillance network
Pebody, R. G., Furtado, C., Rojas, A., McCarthy, N., Nylen, G., Ruutu, P., Leino, T., Chalmers, R., de Jong, B., Donnelly, M., Fisher, I., Gilham, C., Graverson, L., Cheasty, T., Willshaw, G., Navarro, M., Salmon, R., Leinikki, P., Wall, P. and Bartlett, C. 217
Molecular characterization of *Vibrio cholerae* O1 and non-O1 from human and environmental sources in Malaysia
Radu, S., Ho, Y. K., Lihan, S., Yuherman, Rusul, G., Yasin, R. M., Khair, J. and Elhadi, N. 225
Serological evidence of *Bartonella* spp. infection in the UK
Harrison, T. G. and Doshi, N. 233
Microbial quality of oysters sold in Western Trinidad and potential health risk to consumers
Rampersad, F. S., Laloo, S., La Borde, A., Maharaj, K., Sookhai, L., Teelucksingh, J., Reid, S., McDougall, L. and Adesiyun, A. A. 241
Infection with wild-type mumps virus in army recruits temporally associated with MMR vaccine
Cohen, B. J., Jin, L., Brown, D. W. G. and Kitson, M. 251
Epidemiology of respiratory syncytial virus infection among paediatric patients in Hong Kong: seasonality and disease impact
Chan, P. K. S., Sung, R. Y. T., Fung, K. S. C., Hui, M., Chik, K. W., Adeyemi-Doro, F. A. B. and Cheng, A. F. 257
Prevalence of antibodies against rubella virus in the Netherlands 9 years after changing from selective to mass vaccination
De Hass, R., Van den Hof, S., Berbers, G. A. M., De Melker, H. E. and Conyn-Van Spaendonck, M. A. E. 263
Method used to identify previously undiagnosed infections in the HIV outbreak at Glenochil prison
Hutchinson, S. J., Gore, S. M., Goldberg, D. J., Yirrell, D. L., McGregor, J., Bird, A. G. and Leigh-Brown, A. J. 271
Completing the molecular investigation into the HIV outbreak at Glenochil prison
Yirrell, D. L., Hutchinson, S. J., Griffin, M., Gore, S. M., Leigh-Brown, A. J. and Goldberg, D. J. 277
Incidence of symptomatic toxomplasma eye disease: aetiology and public health implications
Gildert, R. E., Dunn, D. T., Lightman, S., Murray, P. I., Pavesio, C. E., Gormley, P. D., Masters, J., Parker, S. P. and Stanford, M. R. 283

Prevalence of *Escherichia coli* O157:H7 in range beef calves at weaning
Laegreid W. W., Elder, R. O. and Keen, J. E. 291
Genetic diversity of atypical *Aeromonas salmonicida* studied by pulsed-field gel electrophoresis
Hanninen, M. L. and Hirvela-Koski, V. 299
Prevalence of *Cowdria ruminantium* infection in *Amblyomma hebraeum* ticks from heartwater-endemic areas of Zimbabwe
Peter, T. F., Perry, B. D., O'Callaghan, C. J., Medley, G. F., Mlambo, G., Barbet, A. F. and Mahan, S. M. 309
Epidemiological typing of bovine streptococci by pulsed-field gel electrophoresis
Wang, S. M., Deighton, M. A., Capstick, J. A. and Gerraty, N. 317
Phylogeographic patterns exhibited by Ontario rabies virus variants
Nadin-Davis, S. A., Sampath, M. I., Casey, G. A., Tinline, R. R. and Wandeler, A. I. 325
African Horse sickness in Portugal: a successful eradication programme
Portas, M., Boinas, F. S., Oliveira E. Sousa, J. and Rawlings, P. 337

Book Reviews
Measles Eradication Field Guide: PAHO Technical Paper No. 41 347
The Fungal Colony 347

No. 3 (December 1999)

Carriage of a new epidemic strain of *Neisseria meningitidis* and its relationship with the incidence of meningococcal disease in Galicia, Spain
Fernández, S., Arreaza, L., Santiago, I., Malvar, A., Berrón, S., Vazquez, J. A., Hervada, X. and Gestal, J. J. 349
Predicting the course of meningococcal disease outbreaks in closed subpopulations
Ranta, J., Mäkelä, P. H., Takala, A. and Arjas, E. 359
Outbreak of meningococcal disease in western Norway due to a new serogroup C variant of the ET-5 clone: effect of vaccination and selective carriage eradication
Smith, I., Lehmann, A. K., Lie, L., Digranes, A., Caugant, D. A., Høiby, E. A., Frøholm, L. O. and Halstensen, A. 373
Nasopharyngeal colonization of infants in southern India with *Streptococcus pneumoniae*
Jebaraj, R., Cherian, T., Raghupathy, P., Brahmadathan, K. N., Lalitha, M. K., Thomas, K. and Steinhoff, M. C. 383
The Hib immunization programme in the Oxford region: an analysis of vaccine administration on the incidence of disease
Coen, P. G., Heath, P. T. and Garnett, G. P. 389
***Bordetella pertussis* surveillance in England and Wales: 1995–7**
Van Buynder, P. G., Owen, D., Vurdien, J. E., Andrews, N. J., Matthews, R. C. and Miller, E. 403
Characterization of enteroaggregative *Escherichia coli* isolated from outbreaks of diarrhoeal disease in England
Spencer, J., Smith, H. R. and Chart, H. 413
Levels of virulence are not determined by genomic lineage of *Salmonella enterica* serotype Enteritidis strains
Olsen, J. E., Tiainen, T. and Brown, D. J. 423
Electronic network for monitoring travellers' diarrhoea and detection of an outbreak caused by *Salmonella enteritidis* among overseas travellers
Osaka, K., Inouye, S., Okabe, N., Taniguchi, K., Izumiya, H., Watanabe, H., Matsumoto, Y., Yokota, T., Hashimoto, S. and Sagara, H. 431
Acute melioidosis outbreak in Western Australia
Inglis, T. J. J., Garrow, S. C., Adams, C., Henderson, M., Mayo, M. and Currie, B. J. 437
Risk of transmission of tuberculosis among inmates of an Australian prison
MacIntyre, C. R., Carnie, J. and Randall, M. 445
The effect of timing of sample collection on the detection of measles-specific IgM in serum and oral fluid samples after primary measles vaccination
Helfand, R. F., Kebede, S., Mercader, S., Gary, H. E. Jr., Beyene, H. and Bellini, W. J. 451
Intestinal protozoa in HIV-infected patients in Apulia, South Italy
Brandonisio, O., Maggi, P., Panaro, M. A., Lisi, S., Andriola, A., Acquafredda, A. and Angarano, G. 457

Prevalence of hepatitis B, D and C virus infections among children and pregnant women in Moldova: additional evidence supporting the need for routine hepatitis B vaccination of infants
Drobeniuc, J., Hutin, Y. J. F., Harpaz, R., Favorov, M., Melnik, A., Iarovoi, P., Shapiro, C. N. and Woodruff, B. A. 463
An outbreak of calicivirus associated with consumption of frozen raspberries
Pönkä, A., Maunula, L., von Bonsdorff, C. H. and Lyytikäinen, O. 469
Transmission of calicivirus by a foodhandler in the pre-symptomatic phase of illness
Gaulin, C., Frigon, M., Poirier, D. and Fournier, C. 475
The duration of human ocular *Chlamydia trachomatis* infection is age dependent
Bailey, R., Duong, T., Carpenter, R., Whittle, H. and Mabey, D. 479
Planning chemotherapy based schistosomiasis control: validation of a mathematical model using data on *Schistosoma haematobium* from Pemba, Tanzania
Chan, M. S., Montresor, A., Savioli, L. and Bundy, D. A. P. 487
The potential of Latent Class Analysis in diagnostic test validation for canine *Leishmania infantum* infection
Boelaert, M., Aoun, K., Liinev, J., Goetghebeur, E. and Van der Stuyft, P. 499
Seven-week interval between acquisition of a meningococcus and the onset of invasive disease. A case report
Neal, K. R., Nguyen-van-Tam, J. S., Slack, R. C. B., Kaczmarski, E. B., White, A. and Ala'Aldeen, D. A. A. 507
Determination of natural versus laboratory human infection with Mayaro virus by molecular analysis
Junt, T., Heraud, J. M., Lelarge, J., Labeau, B. and Talarmin, A. 511
Household member of hepatitis C virus-infected people in Hafizabad, Pakistan: infection by injections from health care providers
Pasha, O., Luby, S. P., Khan, A. J., Shah, S. A., McCormick, J. B. and Fisher-Hoch, S. P. 515

Book Reviews

Fast Facts: Infection Highlights 1998–99 519
Microbes and Malignancy: Infection as a Cause of Human Cancers 519
Salmonella enterica Serovar Enteritidis in Humans and Animals 520
